Shortened attendance

Written notification (via email: summer.academy@moz.ac.at) by a participant about a delayed arrival and/or a shortened participation in the masterclass/additional course can occur only once, according to the deadline mentioned above, and requires the explicit written confirmation by the Academy office. Even in the case of shortened participation, the full participation fee must be paid, without entitlement to the full number of teaching units.

Without a positive written confirmation by the International Summer Academy, a delayed start of a masterclass/additional course due to delayed arrival and/or shortened participation in a masterclass/an additional course is not possible.

Participants who have not settled their enrolment formalities at the latest on the second day of the masterclass/the additional course, will be automatically removed from the list of participants in the International Summer Academy, unless an individual separate agreement has been made. The enrolment and participation fee will not be reimbursed.

Guest Listeners:

Guests, who have a general interest in the International Summer Academy, have the possibility of acquiring a day or weekly pass (at the Summer Academy Service Point) that enables them to attend all masterclasses as guest listeners. All active participants can listen to all masterclasses (excluded are masterclasses for composition).

Weekly Pass: € 150,-

Day Pass: € 50,-

1.3.1 Registration as an ensemble

Only ensembles, that already exist at the time of enrolment, are allowed to register as an ensemble in designated masterclasses which explicitly accept ensembles (e.g. Liedgestaltung). Each ensemble member has to make a booking for the full single-price. The difference between the reduced participation fee for ensembles will be reimbursed to each member of the ensemble when personal enrolment takes place.

1.3.2 Attendance of more than one masterclass

It is possible to attend several masterclasses and the stated participation fee has to be paid for each class. In this case, you only have to pay the registration fee once. The possibility of enrolment in multiple masterclasses is based upon capacity of the respective classes.

However, we **do not recommend** attending several similar masterclasses at the same time (for example two piano masterclasses with different teachers that occur in the same course period). If there are conflicts in your timetable and you are not able to attend all teaching units you have booked, the International Summer Academy cannot be held liable and, in this case, any reimbursements cannot be requested.

1.4 Booking procedure

All selected masterclasses/additional courses have to be paid for immediately. The booking system does not allow any form of reservations. We recommend using YouTube for uploading your video.

How to proceed:

1. Place your masterclass(es)/additional course(s) in the shopping basket
2. Create a link to your video
3. Complete the box for repertoire (for all masterclasses) and voice type (only for

singing)

4. Accept the General Terms and Conditions

5. Proceed to checkout “book”

6. Choose a method of payment and close the booking by making the payment

1.9 Transfer booking and change of masterclass

Participants who are not accepted in the desired masterclass have the opportunity to request a transfer to a different masterclass upon availability. In this case, the administration of the Summer Academy will suggest an alternative masterclass. This opportunity can only be used once.

Please make sure, that the name of the account holder and the account number match and are spelled correctly.
