Your registration for a German course is binding. Thus, the following regulations need to be followed:

- you may not have more than 6 absences from class per term and are obliged to catch up on what you missed in class;
- if you miss more than 6 classes, you are automatically expelled from the course;
- if you arrive more than 15 minutes late for class or leave class more than 15 minutes early, the whole session will be counted as an absence.

To continue a course in the following term you either must have passed the preceding one or you have to pass the placement test.
